The PQS Pre-Qualification-Scheme is a UKAS Inspection Body, SSIP Registered Member, and Crown Commercial Services G-Cloud approved provider.

How do I apply for SSIP?

You need to register with the PQS portal, purchase the PQS SSIP Health & Safety Approved product, answer questions within the PQS portal and submit to the PQS team for review. Go to app.pqscheme.com

How quickly can my submission be assessed?

Once you submit the assessment, an assessor will be assigned and will typically undertake a review within 4 days. We also have a 24 and 48 hour fast track option.

Is there a pass or fail?

If you do not fulfil the criteria, the assessor will request further information from you. You will not be converted to FAIL if the assessment is returned to you more than once or you are slow to resubmit the assessment to us.

What happens at renewal?

You will be reminded of renewal and have the choice to renew with the PQS Pre-Qualification-Scheme or let your approval expire. You are not tied to PQS and are free to make a value judgement during the renewal process. At renewal, you simply purchase another assessment for the normal advertised fee.

Are there any hidden fees?

No. You pay for an annual assessment that is valid from the date you pass the assessment. There are no membership fees. We do not actively advertise and can keep our fees competitive.

Who do you work with?

We work with clients and organisations across a wide range of sectors, including:

- Construction
- Contractors
- Architects
- Designers
- Surveyors
- Engineering
- Transport
- Landscapers
- Shoplifters
- Glaziers
- Professional Services
- Health & Social Care
- Charities

Can I apply for multi categories across the United Kingdom and Republic of Ireland?

Yes. There is no additional cost if you select multiple categories. PQS is approved to provide SSIP services for all duty holder categories across the United Kingdom and the Republic of Ireland.

Does PQS accept certificates of other SSIP Schemes?

Yes. If you have a valid SSIP certificate you can apply via the deem to satisfy process for a fee of £49 plus VAT.
