We offer the simplest, fastest and most affordable means of achieving Health & Safety Approval with an SSIP Registered Member Scheme.

Mutual Recognition

The terms of membership of the SSIP Forum means that all members of the SSIP Forum are committed to mutually recognise each others standards of assessment.

Therefore, any client wishing to procure the services of a business which has achieved certification by an SSIP Member Scheme can be confident that a reasonable and robust judgement has been made that the standard for organisational capability in CDM 2015 has been met, for the pre-qualification stage of procurement.

This means that PQS is the equivalent of CHAS, SMAS, SafeContractor and other schemes.

PQS Health & Safety Approved - apply via Deem to Satisfy Route

If you have valid SSIP certificate you can apply to PQS via the deem to satisfy route and no additional information will be required. Simply apply for deem to satisfy and upload your SSIP certificate.
